

Claudia Lennhoff: A few words about Jen Tayabji

Before I give my closing remarks, I want to ask Jen Tayabji to stand and be recognized.

As many of you already know, or learned early tonight, Jen will be leaving our community and our organization in just a couple of weeks.

Jen joined our staff almost six years ago, and she is one of those people who has a job description that just seems to grow and grow and encompass more and more things. Jen's work has included coordinating the Medicare 100/Plus Program, doing ACA enrollment work, communications, community organizing, maintaining our database, and many other things.

Jen will be leaving our community in order to be closer to her parents, who live in Maryland.

Jen has shined in so many ways, but I am especially grateful for, and will miss Jen's ability to analyze and understand policy, and think about the real implications of that policy. Jen has a brilliant mind and dogged determination to make things work, even if they are not designed well. She will make them work! Especially for Medicare beneficiaries.

Jen – we are so grateful to you for your years of work at CCHCC and the countless number of people you have helped, and how you have strengthened the organization. You will be missed!

Please join me in thanking Jen and wishing her well in the next chapter of her life.
