

5th & Hill Neighborhood Community Meeting

Featuring Nationally-Renowned Environmental Experts

The 5th & Hill Neighborhood Rights Campaign is holding a special community meeting featuring two environmental consultants that have been working on behalf of the 5th & Hill Neighborhood. The meeting is an opportunity for residents and concerned community members to hear from these national experts about the 5th & Hill toxic site and what it means for groundwater in the area, and for the health and safety of residents.

The experts are Robert Bowcock of Integrated Resources Management and Mark Zeko of Environmental Engineering and Contracting, Incorporated.

At this meeting Mr. Bowcock and Mr. Zeko will discuss:

- Testing and historical research that they have conducted, including testing of residents' homes for toxic vapors
- What work they will conduct in the future
- The city of Champaign's groundwater ordinance and how it affects the clean-up of the toxic site and the neighborhood
- Hold a question & answer session

For questions or to RSVP, contact:
