Welcome

Thank you for joining Champaign County Health Care Consumers (CCHCC) for our Annual Awards Dinner, celebrating CCHCC's 36th anniversary.

For the last 36 years, CCHCC has been in the forefront of working to improve our community's health, dealing with emerging issues in health care, fighting for justice, and winning concrete improvements in people's lives. And we could not have done it without you!

Thanks to your support and involvement, we've had another amazing year! In the area of client services, we have helped thousands of Champaign County residents who turned to us, desperately seeking health care services that they could not afford. In our community organizing efforts, we have continued our community outreach and education work on health reform, advocated for state and federal legislation, fought against harmful changes to Social Security and other social programs, and advanced our "David and Goliath" environmental justice struggle – the 5th & Hill Neighborhood Rights Campaign. These efforts and struggles are not over and require our dedication and involvement.

It is worth noting that this has been an incredible year for our community, with unprecedented collaboration among many community organizations and health care providers to build greater access to quality, affordable health care. This year's award recipients symbolize exactly the kind of action, collaboration, commitment, and leadership that it takes to make our community a healthy community for all. CCHCC is so proud to know and work with these wonderful individuals and organizations.

Please read through the Adbook, celebrate the award recipients, learn about our campaigns and programs, and be sure to patronize the businesses and organizations that have taken ads and thank them for supporting CCHCC.

Thank you for 36 years of support! And thank you for your ongoing involvement and support as we continue our work for justice, and the work to improve our community's health – it takes all of us to make good things happen!

Sincerely,

Claudia Lennhoff
Claudia Lennhoff
Executive Director

Special Thanks

CCHCC thanks the following individuals for helping to make our 36th

Annual Awards Dinner a success:

Jeff Machota – for Adbook design and layout

Ron Keller – for Certificates of Award layout

Jen Tayabji – slide show of year-in-review

Music provided by Ear Doctor:

Tom Paynter - keyboards, flute

Nathaniel Ruiz - clarinet

Floral arrangement provided by:

Fleurish

CCHCC thanks Carle Foundation Hospital for purchasing and contributing:

The Harry J. Baker Honorary Table

Special thanks to the Illinois Disciples Foundation for co-sponsoring CCHCC's Annual Awards Dinner

Medicare Task Force members rally outside Rep. Johnson's office to protect Medicare, Medicaid and Social Security.

CCHCC Campaigns and Programs

Issue Campaigns and Task Forces

The Health Care Access Task Force was organized in 2007 to undertake a major community organizing effort to address the massive access to care crisis in Champaign County which had left tens of thousands of people locked out of the health care system, despite our county's ample supply of health care providers. Currently, the Task Force is focusing its efforts on working with our local hospitals to improve their hospital financial assistance programs, increasing access to care to local physicians, as well as working to shape health reform at the state and national levels. Over the past year, much of the work of the Task Force has focused on producing materials and organizing events to provide user-friendly information to local consumers about new benefits available under health reform.

The Medicare Rights Task Force was formed in 2005 by Medicare beneficiaries demanding a voice in their health care. Currently the Medicare Task Force is working to create a REAL prescription drug benefit by supporting legislative reform to improve the Medicare Part D Prescription Drug Program. The Task Force is also working to protect and strengthen crucial federal and state programs for seniors including Medicare, Social Security and Circuit Breaker. The Task Force provides a forum for local Medicare beneficiaries to discuss the issues affecting seniors and people with disabilities who have Medicare, and learn about services that are available in our community to help.

The 5th & Hill Neighborhood Rights Campaign, started in 2007, is an environmental justice campaign dedicated to protecting the health of the neighborhood residents and the rights of the community in relation to the former manufactured gas plant toxic site owned by Ameren, located at 5th and Hill Streets in Champaign. CCHCC is organizing this campaign in collaboration with neighborhood residents and former residents. The Campaign is currently focused on trying to make the IL EPA and Ameren expand the area of investigation in order to identify all toxic contamination that resulted from the operation of the former manufactured gas plant. In addition, the Campaign is organizing to ensure that neighborhood residents have a voice in the re-development of the Ameren property, which has now been "cleaned."

Service Programs

The Medicare 100/Plus Program, created in 1984, assures access to affordable health care for low-income Medicare beneficiaries in Champaign County. This community-based program is a collaboration between CCHCC and Presence (formerly Provena) Covenant Medical Center. The Medicare 100/Plus Program bridges the gap between health care costs and what Medicare reimburses by providing Medicare 100/Plus members with discounts on their out-of-pocket Medicare related charges at Presence Covenant hospital and certain physician practices.

The Consumer Health Hotline, which has been serving Champaign County since 1980, is a free service to help people who are having problems with the health care system and who need access to affordable health care. Volunteer Advocates and Hotline staff help community members get the health care and other services they need. The Hotline provides information, referral, assistance, advocacy and case management services to hundreds of community members each month. The Hotline operates under the motto of “empowering consumers to help themselves,” and Hotline Advocates help clients obtain the resources and skills that enable them to effectively deal with and navigate the health care system.

The Dental Referral Program was created in 1992 to provide low-income, uninsured adults with access to quality, affordable dental care. The Dental Referral Program, a collaboration with area dentists, provides dental care at a discounted rate to low-income adults in our community. CCHCC screens and qualifies the clients and schedules their dental appointments with the participating dentists.

For more information on CCHCC’s campaigns and programs, please visit our website at: www.healthcareconsumers.org

Press conference with Rep. Jakobsson and Sen. Frerichs to announce their new legislation to help low-income seniors with prescription costs.

And the rights of health care workers

One Struggle One Fight

Join us in supporting quality health care at the Champaign County Nursing Home!
Join us in supporting the workers who bring quality health care
to Nursing Home residents!

ONE MAIN.ONE POINT

One Main Development, LLC manages two of Downtown Champaign's finest properties, M2 on Neil and One Main Plaza. Cody Sokolski and Councilmember Marci Dodds wish to thank Champaign County Health Care Consumers for its years of advocacy on this occasion of its 36th Annual Awards Dinner.
