

Do you have a bill from Carle? Have you been no-serviced by Carle? Help is available!

Carle Hospital and Carle Clinic have now merged to become one non-profit organization. As a result of this merger, many Carle patients can now qualify for 100% discounts, debt-forgiveness, fair payment plans, and re-establish care if they have been no-serviced for financial reasons. If you have had any of the problems listed below at Carle, we can help you!

- **If you have been “no-serviced” for financial reasons,** you may be eligible for a discount on your bill, and you may be able to re-establish care at Carle.
- **If you have Medicaid, but have an old bill from the Hospital or Clinic,** 100% of your debt can be forgiven.
- **If you have have an outstanding bill with the Clinic,** and your income is below 200% of the Federal Poverty Level, you will qualify for a 100% discount. If your income is higher, you can now set up a reasonable and fair payment plan.

Many people with outstanding bills will qualify for a 100% discount. To find what level of discount you can get, see the Carle Community Care Discount Program chart.

Do you qualify for a discount on your Carle bill?

IF YOUR FAMILY SIZE IS:	AND, YOUR FAMILY INCOME IS AT OR BELOW:
