

5th & Hill Neighborhood Rights Campaign

Environmental Experts

Environmental experts Robert Bowcock of Integrated Resources Management, LLC and Mark Zeko of Environmental Engineering and Contracting, Incorporated were hired by the legal team working with the residents of the 5th & Hill Neighborhood. The legal team is comprised of the New York-based law firms Kennedy & Madonna, LLP and Weitz & Luxenberg, P.C.

Robert Bowcock of Integrated Resources Management, LLC

Robert Bowcock founded Integrated Resource Management, LLC in 1997 after serving as a Water Utility Manager in Azusa (1991-97) and Huntington Park (1987-91), California. Prior to that, Mr. Bowcock worked for the Metropolitan Water District of Southern California (1982-87), and as a U.S. Army Civil Affairs Team Leader, he designed and constructed water treatment and distribution systems for various federal branches of government in Southeast Asia and South America. Mr. Bowcock has been appointed to serve on several Watermaster Boards by California Superior Courts since 1990. He is a licensed California Grade V Water Treatment Operator and maintains various other water industry licenses. He routinely provides expert witness work to

legal firms in the specific area of water resource management.

Mark Zeko of Environmental Engineering and Contracting, Incorporated.

Mark Zeko is highly regarded as an expert in vapor intrusion and groundwater assessment, protection, and remediation. With regards to vapor intrusion investigations, Mr. Zeko has performed investigations for several major corporations and has been retained by plaintiffs' attorneys to evaluate the effect of vapor intrusion on businesses and residences. With regards to groundwater remediation, he is known for providing cost effective remedial solutions for numerous localized and regional groundwater contaminant plumes, as well as extensive experience in negotiation of realistic

and cost effective cleanup goals with various oversight agencies. Mr. Zeko is licensed as a Professional Geologist and/or Hydrogeologist in California, Arizona, Washington, Texas, Illinois, Indiana, Wisconsin, Alabama, Georgia, North Carolina, and Alaska, as well as Certified Professional Geologist by the American Institute of Professional Geologists.
