

FACES OF HEALTH REFORM

How Health Reform Will Help...

Problem: Anne's employer-based health insurance charges 210% more in premiums for her coverage (\$377.37 per month) than the insurance company charges for a male of the same age (\$179.28 per month), just because Anne is a female.

Health Reform Solution: Health reform legislation will prohibit discriminatory insurance practices of charging higher prices based on age, gender, and health status.

WE WANT YOU TO VOTE YES FOR HEALTH REFORM!

Faces of Health Reform is a project of the Champaign County Health Care Consumers' (CCHCC) Health Care Access Task Force. To be a Face of Health Reform or learn more about health reform, please call 217-352-6533 or go to www.healthcareconsumers.org.
