

Community Meeting on National Health Reform

Champaign County Health Care Consumers (CCHCC) invites you to attend this important Community Meeting on National Health Reform. Congress has been working on health reform legislation for several months, but what does this mean for you and our community?

Topics to be discussed will include:

- The need for national health reform and understanding the health reform legislation
- Fact vs. fiction in the health reform debate
- Single-payer and public option health reforms
- Medicare and national health reform
- How you can take action for REAL health reform

All are welcome to attend!
