

Area Dentists Accepting Medicaid

Finding affordable dental services in our area can be a challenge. Champaign County Health Care Consumers (CCHCC) has compiled a list of dental providers in our area that accept Medicaid. If you have any questions about the options listed below, or for more information about what to do when experiencing dental pain, please feel free to contact one of CCHCC's Community Health Workers at (217) 352-6533.

Denta Quest

Phone: 1-800-936-0978

Denta Quest is the company that manages dental benefits for Medicaid. They have the provider directory available by phone and online. However, it is not always up to date and certain providers in our area experience a high turnover which means that the providers change constantly. Always check with the provider's office to make sure that they accept Medicaid.
